

A&C Tech Privacy Policy for RexTrix.AI

Effective Date: May 14, 2026

This Privacy Policy describes how A&C Tech, Inc. ("A&C", "we", "us", or "our") collects, uses, discloses, and protects information when you access or use RexTrix.AI and related websites, mobile applications, features, content, products, and services under our control (collectively, the "Services").

RexTrix.AI is an AI-native interactive media and entertainment platform that enables users to create, play, share, remix, explore, publish, and interact with AI-generated playable experiences, interactive stories, videos, games, virtual characters, digital worlds, and other user-generated or AI-assisted content.

By accessing or using the Services, you acknowledge that you have read and understood this Privacy Policy. If you do not agree with this Privacy Policy, please do not use the Services.

We may modify this Privacy Policy from time to time. When we make changes, we will post the current version on the Services and update the effective date when appropriate. We encourage you to review this Privacy Policy periodically.

Information That You Give Us

We collect information that you provide directly to us when you create an account, use AI-powered creation tools, publish or interact with content, communicate with us, or otherwise use the Services. The categories below describe the information we may collect, the source of that information, the purpose for collection, and the categories of recipients with whom it may be shared.

| Category of Personal Information Collected | Source | Purpose for Collection | Categories of Recipients |
|---|--|---|---|
| Account Information, such as username, email address, login credentials, account identifier, and similar account details. | From you or generated when you create or use an account. | To create, maintain, secure, and identify your account; provide account-related services; communicate with you; and support account recovery. | Our service providers; cloud hosting providers; authentication and security providers. |
| Profile and Social Information, such as display name, profile image, biography, linked social media accounts, followers, following, likes, favorites, comments, shares, collaborations, and public interactions. | From you, from your activity in the Services, or from third-party platforms if you choose to connect them. | To enable social discovery, sharing, collaboration, community features, content attribution, creator profiles, and optional marketing or promotional activities. | Our service providers; third-party social media platforms if you choose to connect or share; analytics and marketing providers. |
| User Content and AI Inputs, such as prompts, text, messages, instructions, images, videos, audio, documents, files, game ideas, story ideas, character descriptions, music or style preferences, comments, remixes, collaborations, and other content you submit to the Services. | From you when you create, upload, submit, publish, remix, or interact with content. | To provide AI-powered creation, interactive media, playable content generation, publishing, remixing, personalization, moderation, safety, content storage, and community features. | Our service providers; AI model providers; cloud hosting providers; moderation and safety providers; other users or the public when you choose to publish or share content. |
| AI Outputs and Generated Content, such as AI-generated games, stories, videos, characters, digital worlds, responses, analyses, recommendations, and other AI-assisted results. | Generated through your use of the Services and third-party AI services. | To provide AI-powered features, save or publish generated content, personalize experiences, support troubleshooting, enforce our policies, and improve the Services. | Our service providers; AI model providers; cloud hosting providers; moderation and safety providers; other users or the public when you choose to publish or share content. |
| Creator, Publication, and Monetization Information, such as content publication | From you, generated through your use of the Services, or received from | To support creator tools, publishing, analytics, monetization, payments, tax | Our service providers; payment processors; commerce providers; |

| | | | |
|--|--------------------------------|--|---|
| history, usage metrics, engagement data, revenue-related records, payout preferences, tax or payment information, and marketplace or monetization activity if such features are available. | payment or commerce providers. | compliance, fraud prevention, and platform integrity. | professional advisors; legal and compliance service providers. |
| Communications and Support Information, such as messages you send to us, feedback, survey responses, support tickets, and related contact information. | From you. | To respond to inquiries, provide customer support, improve the Services, and maintain records of our communications. | Our service providers; customer support and communications providers. |

Information We Collect Automatically

When you use the Services, we may automatically collect certain information about your device, browser, app, and activity. This may include coarse Internet Protocol (IP) address, device type, operating system, browser type, app version, language settings, referring and exit pages, timestamps, crash logs, diagnostics, session identifiers, request identifiers, clickstream data, and information about how you browse, create, play, share, remix, publish, or interact with content in the Services.

We may also collect content interaction data, such as views, play sessions, likes, favorites, comments, shares, remixes, follows, creator interactions, search activity, recommendation activity, and similar usage data. We use this information for analytics, product improvement, personalization, safety, fraud prevention, moderation, performance monitoring, and service operation.

We may use cookies, pixels, local storage, software development kits, and similar technologies to operate the Services, remember preferences, measure performance, understand engagement, and provide or measure advertising and promotional campaigns where permitted by law.

Use of Information

We may use the information we collect from and about you to provide, operate, maintain, personalize, and improve the Services; create, generate, display, store, publish, remix, and recommend AI-generated or user-generated content; enable interactive entertainment features; support creator tools and social discovery; process your requests; respond to inquiries; provide customer support; send service announcements and administrative messages; prevent fraud, abuse, spam, security incidents, and policy violations; moderate content and enforce our Terms of Services and community rules; analyze usage and performance; develop new features; provide advertising or promotional communications where permitted; comply with legal obligations; and protect the rights, property, safety, and integrity of A&C, our users, and the public.

If you sign up for our mailing list or choose to receive marketing communications, we may send you information about RexTrix.AI, A&C products, offers, updates, events, creator programs, and promotions. You may unsubscribe from marketing emails by using the unsubscribe instructions in those messages. Even if you opt out of marketing communications, we may still send service, security, legal, and administrative messages.

Artificial Intelligence Services

RexTrix.AI uses artificial intelligence services, including Google Gemini and may use other third-party AI model, cloud, infrastructure, or content generation providers, to support AI-powered features in the Services. These features may include natural language creation, multi-modal generation, interactive storytelling, game and playable experience generation, video or media generation, character creation, content recommendations, moderation, and related AI-assisted functions.

Before the Services send personal information to a third-party AI provider where required by law or platform rules, we will present an in-app notice or other appropriate disclosure that identifies the recipient or category of recipient, explains the categories of information that may be sent, explains the purpose of the sharing, and asks for your permission where required. If you decline, the related AI-powered feature may not be available.

Information That May Be Sent to AI Services

- AI inputs and content you choose to submit, including prompts, text, messages, instructions, images, videos, audio, documents, files, style preferences, character or world descriptions, game ideas, story ideas, and other content you provide to AI-powered features.
- AI outputs and generated content, including responses, summaries, analyses, recommendations, generated games, interactive experiences, videos, stories, characters, images, audio, or other AI-assisted results returned for your request.
- Account and service identifiers, including username, account identifier, session identifier, request identifier, and similar service information when needed to associate an AI result with your account, request, saved project, or published content.
- Device, technical, and request metadata, including coarse IP address, device or browser information, app version, timestamps, usage logs, and related security or request information.

Uses and Protections for AI-Related Information

A&C and its AI service providers may use AI-related information to provide, operate, maintain, secure, troubleshoot, and support the AI-powered feature you request; process, analyze, generate, or return requested outputs; prevent fraud, abuse, and security incidents; enforce content and safety rules; document consent and service activity; and improve the reliability and performance of the Services.

We require AI service providers to protect personal information using appropriate privacy and security protections and to process personal information only for the purposes described in this Privacy Policy, our agreements with them, and applicable law. We do not authorize AI service providers to sell personal information received from A&C or use it for targeted advertising.

We do not send facial scans, face templates, facial recognition data, or other biometric face data to AI services because RexTrix.AI does not collect such data.

User-Generated Content, Public Sharing, and Community Features

The Services are designed for interactive creation, social discovery, publishing, sharing, remixing, collaboration, and community participation. When you choose to publish, share, comment on, remix, collaborate on, or otherwise make content available through the Services, that content and related information may be visible to other users or the public. This may include your username, display name, profile information, content, AI-generated outputs, engagement metrics, comments, remixes, collaboration history, and other activity associated with the content.

Please do not submit or publish information that you do not want others to see, save, copy, remix, interact with, or share. We may review, remove, restrict, or moderate content and related activity to enforce our Terms of Services, community rules, safety standards, and legal obligations.

Disclosure of Information

We may disclose information collected from and about you to related companies and service providers that perform business, professional, technical, operational, hosting, analytics, security, customer support, content moderation, AI generation, communications, marketing, payment, commerce, or other services for us; to third-party social media platforms or other services when you choose to connect, publish, or share through those services; to other users or the public when you choose to publish, share, remix, comment, collaborate, or otherwise make content available through the Services; to merchants, advertisers, marketing partners, or promotional partners where permitted by law; to professional advisors such as attorneys, accountants, auditors, and insurers; as necessary to enforce our Terms of Services, Copyright Policy, community rules, or rights; to respond to legal process or lawful requests from public authorities; to protect the rights, property, safety, and integrity of A&C, our users, and the public; and in connection with a merger, acquisition, financing, corporate transaction, bankruptcy, or sale of assets.

Your Privacy Rights - Access, Correction, Deletion, and Restriction

We respect your right to access, correct, delete, and restrict the processing of your personal information, subject to applicable law. You may access or update certain account information by signing into your account. You may also request access, correction, deletion, or restriction of processing by contacting us using the information in the "Contact Us" section below.

We may need to retain certain information for legally permitted purposes, including account security, fraud prevention, legal compliance, dispute resolution, enforcement of our agreements, and maintenance of business records. If we are unable to fulfill a request in whole or in part, we will explain why where required by law.

Retention of Personal Information

We retain personal information only for as long as reasonably necessary to fulfill the purposes for which it was collected, provide the Services, maintain user accounts and creator projects, support safety and moderation, comply with legal obligations, resolve disputes, enforce agreements, and maintain business records, unless a longer retention period is required or permitted by law.

User content and AI-generated content may remain available for as long as your account or the relevant content remains active, unless deleted by you or removed by us in accordance with our Terms of Services, community rules, or legal obligations. Personal information that is no longer required will be deleted, de-identified, or aggregated where appropriate.

Security

We maintain reasonable and appropriate administrative, technical, and physical measures designed to protect information we collect. These measures are intended to help protect against unauthorized access, disclosure, alteration, and destruction. However, no security system is perfect, and we cannot guarantee that information will be secure in all circumstances.

Children

The Services are not directed to children under the age of thirteen, and we do not knowingly collect personal information from children under thirteen without verifiable parental consent. If you believe that a child has provided personal information to us, please contact us using the information below, and we will endeavor to investigate and delete such information from our systems where required by law.

Third-Party Services

The Services may contain links to or integrations with third-party websites, applications, social media services, developer tools, payment services, content services, or other online services. These third-party services may have privacy practices that differ from ours. We are not responsible for the privacy practices, content, or activities of third-party services. We encourage you to review the privacy policies of any third-party services before providing information to them.

Visitors from Outside the United States - Cross-Border Transfer

The Services are hosted in the United States and may be supported by service providers located in the United States and other countries. If you access the Services from outside the United States, your information may be transferred to, stored in, and processed in the United States or other jurisdictions. The privacy and data protection laws of these jurisdictions may differ from the laws in your country. By using the Services or providing information to us, you understand that your information may be processed in the United States and other countries as described in this Privacy Policy.

Changes to This Privacy Policy

We may change this Privacy Policy from time to time, including to reflect changes in our Services, technologies, legal requirements, or business practices. When we do, we will post the updated Privacy Policy on the Services. If we make material changes, we will provide additional notice where required by law.

Contact Us

If you have questions or concerns about this Privacy Policy or how we collect and use information, you may contact us by emailing info@ac-technology.com, by postal mail at A&C Tech, Inc.; 16450 Scientific Way, #200, Irvine, CA 92618; ATTN: Privacy Request, or by telephone at +1 (949) 287-1613.

If we need, or are required, to contact you concerning any event that involves your information, we may do so by email or through notices in the Services.
